Subject: LG&E and KU Utility Lines
Auto forwarded by a Rule

My name is David Crutcher. I do not own property affected by the proposed power lines but I live in the vicinity. As a land owner and tax payer, I am very much opposed to allowing these 2 for-profit organizations this access.

If you approve this action, many, many people and their private property will be affected both aesthically and financially. No one will benefit from this except for the for-profit companies involved. We all know that allowing this will not lower people's utility bills at all.

DO NOT APPROVE! Let them use already existing lines and right-of-ways.

Thank you.
